

SPECIFICATION AND PRICE LIST

New Flyer.

A through action rod with power in reserve. These rods are available with either spliced or hollow tip sections. They have a full cork handle and are fitted with seymo lined rod rings.

12'	19" cork handle, 18 rings, 4 ³ / ₄ oz.	£140
13'	20" cork handle, 19 rings, 5 ¹ / ₂ oz. + ³ / ₄ oz. loading	£145
14'	22" cork handle, 20 rings, 6 oz + ³ / ₄ oz. loading	£150

New Flyer Plus

This could be considered to be a "beefed up" version of the New Flyer. In fact by incorporating a compound taper into the middle section we have slightly increased the diameter in the butt half of the rod thereby giving it more of a tip action. The remaining specifications and prices are as for the New Flyer above.

Extant Series

Now comprising seven different rods, this series covers most of the needs of the modern match angler

Extant Wagglor

A genuine through action rod with a soft spliced tip, it will handle anything on the lightest of hook length.

13'	20" cork handle, 19 rings, 5 ¹ / ₂ oz.	£150

Extant Stickfloat

A tip action rod with the same soft spliced tip as the Extant Wagglor this rod has the power to play big fish and the soft tip protects light bottoms.

12' 8"	20" cork handle, 19 rings, 5 ¹ / ₄ oz.	£150
-------------	---	------

Extant Canal

This rod has a typical canal action soft in the tip, slim in build and with a full through action. It will delicately play a 4oz skimmer and yet if you really have to lay into a big fish it will handle tench and small carp with ease.

11'6"	cork handle, 17 rings, 4 ³ / ₄ oz.	£145

Extant Carp Match

This rod was specifically designed for carp match fishing with the help of Peter Band and Tony Hudson of Decoy Lakes in Cambridgeshire. It will stop anything, its as "tough as old boots" yet it is not by any means a broom handle. The tip half of the rod is very flexible yet the butt half is all power. According to Peter Band this rod is "The Biz".

12'	22" cork handle, screw reel fitting, 18 rings, 7 ¹ / ₂ oz.	£175
